

AGREEMENT FOR HISTORIC PRESERVATION TAX CREDITS 2013

THIS AGREEMENT (the "Agreement"), is made as of the 14th day of June, 2016 (the "Effective Date"), by and between Lyman Lofts Developers, LLC (the "Applicant"), and the Rhode Island Department of Revenue, through its Division of Taxation (the "Tax Division") (collectively the "Parties").

WITNESSETH:

WHEREAS, pursuant to RIGL §44-33.6-4(e), the Tax Division is authorized to enter into contracts of guaranty, on behalf of the State of Rhode Island, with persons, firms, partnerships, trusts, estates, limited liability companies, corporations (whether for profit or non-profit) or other business entities who have incurred, or intend to incur, Qualified Rehabilitation Expenditures for the Substantial Rehabilitation of a Certified Historic Structure, or some identifiable portion thereof, to be Placed in Service after July 3, 2013.

WHEREAS, in accordance with Chapter 33.6 of Title 44 of the Rhode Island General Laws, as amended, and the Regulations adopted by the Rhode Island Historical Preservation and Heritage Commission (the "Commission") and the Tax Division, the Applicant desires to conduct Substantial Rehabilitation of a Certified Historic Structure or, an identifiable portion thereof, located in Rhode Island, and described in Exhibit A attached hereto (the "Project") and, as a consequence thereof, to receive Historic Preservation Tax Credits ("Tax Credits").

WHEREAS, a Determination of Historic Significance (a/k/a Part 1 Certification) and a Certification of a Rehabilitation Plan (a/k/a Part 2 Certification) have been issued by the Commission to the Applicant.

NOW, THEREFORE, the Applicant and the Tax Division agree as follows:

SECTION 1. Definitions. Unless otherwise defined in this Agreement, capitalized terms used herein shall have the meaning ascribed to them pursuant to Chapter 33.6 of Title 44 of the Rhode Island General Laws and the Regulations implementing same.

SECTION 2. Adequate Consideration. The Processing Fee payable by the Applicant, under Section 4(b) hereof and the Regulations, constitutes adequate consideration for the contractual obligation of the Tax Division to provide the Tax Credits described in Section 5(a) hereof in accordance with the terms hereof.

SECTION 3. Effective Date of Rhode Island Law. Unless otherwise indicated herein, all references herein to the Rhode Island General Laws and the Regulations shall refer to such statutes as in effect as of the date of enactment of Public Law 2013, Ch 144, Art. 22 by the Rhode Island General Assembly and to such regulations as promulgated by the Commission and/or the Tax Division to implement Public Law 2013, Ch 144, Art. 22.

SECTION 4. Duties of the Applicant.

(a) The Applicant shall fulfill the requirements for the Substantial Rehabilitation of the Project approved by the Commission and, in addition thereto, the Applicant specifically covenants that:

(1) *Full, Fair and Honest Disclosures Required.* The Applicant has made, and will make, full, fair and honest disclosure of all material facts to both the Commission and the Tax Division during the entire Application process set forth in the Regulations.

(2) *Rehabilitation Will be Consistent with Plan and Standards.* The Applicant shall insure that the Project, when finished, will be consistent with the proposed rehabilitation plan certified by the Commission and that all completed work will meet the criteria set forth in the Regulations and the *Standards of Rehabilitation* incorporated therein.

(3) *Documentation Required to Verify Costs Incurred.* The Applicant will furnish, on demand and in a complete and timely fashion, any additional and detailed documentation to verify that any final costs attributable to the Substantial Rehabilitation of a Certified Historic Structure were actually incurred and furthermore, meet the criteria of Qualified Rehabilitation Expenditures. Said documentation shall include, at the minimum, the items set forth in Tax Division Regulation CR 13-16.

(b) *Processing Fee.* The Applicant agrees to pay, in full, a Processing Fee equal to three percent (3%) of estimated Qualified Rehabilitation Expenditures to the Tax Division before or upon execution of the within Agreement. If full payment is not tendered to the Tax Division along with a proposed Agreement, the Agreement will not be signed and any partial payment remitted shall be returned to the Applicant. The failure to pay the Processing Fee, in full and within thirty (30) days from the Commission's Part 2 certification date, will result in the denial of Tax Credits and the Applicant's loss of place in the Queue for Tax Credits.

SECTION 5. Duties of the Tax Division.

(a) *Tax Credit.* The Tax Division shall allow a Tax Credit, as set forth in Exhibit B, calculated in accordance with RIGL §44-33.6-3(a), and equal to the lesser of: (i) the estimated Qualified Rehabilitation Expenditures as submitted with this Agreement multiplied by either twenty percent (20%) or twenty-five percent (25%), as elected by the Applicant, or (ii) the actual Qualified Rehabilitation Expenditures, incurred by the Applicant and verified by the Tax Division, for the Substantial Rehabilitation multiplied by either twenty percent (20%) or twenty-five percent (25%), as elected by the Applicant. Provided further that:

(1) *25% Tax Credit Requires Trade or Business Use.* If the Applicant elects twenty five percent (25%) of the Qualified Rehabilitation Expenditures as the Tax Credit, the Applicant acknowledges and agrees that: (i) at least twenty five (25%) percent of the total rentable area of the Certified Historic Structure will be made available for a Trade or Business, as defined in RIGL §44-33.6-2(17), or (ii) the entire rentable area located on the first floor of a Certified Historic Structure will be made available for a Trade or Business, as defined in RIGL §44-33.6-2(17).

(2) *Qualified Rehabilitation Expenses Incurred on or after July 3, 2013.* The Applicant acknowledges that the Qualified Rehabilitation Expenses upon which the Tax Credit is claimed must be incurred on or after July 3, 2013. Qualified Rehabilitation Expenses incurred prior to July 3, 2013 cannot be used for calculating Tax Credits under this program.

(3) *Maximum Tax Credit Allowed.* The Applicant acknowledges and agrees that the maximum amount of the Tax Credit allowed for any certified rehabilitation project, under Chapter 33.6 of Title 44 of the General Laws, is Five Million Dollars (\$5,000,000) and that this limitation applies regardless if the structure is to be completed in phases or in multiple projects.

(4) *Qualified Rehabilitation Expenditures Allowed by Certification after Audit.* The Applicant acknowledges that the Qualified Rehabilitation Expenditures are allowed only if certified by the Tax Division after audit and further acknowledges that the Tax Division is authorized to conduct said audits and issue such certifications. The within acknowledgement does not abrogate or hinder the Applicant's right to contest the denial, in whole or in part, of a request to certify Qualified Rehabilitation Expenditures.

(b) *Processing Fee is Non-Refundable.* The Applicant acknowledges and agrees that the Processing Fee paid pursuant to Section 4(b) of this Agreement is, pursuant to RIGL §44-33.6-4(d), non-refundable. Processing Fees will not be returned if the Applicant subsequently abandons the Project and no longer desires the Tax Credit nor will Processing Fees be returned, in part, if the Processing Fees paid with this Agreement exceed three percent (3%) of the actual Qualified Rehabilitation Expenditures incurred by the Project as certified by the Tax Division.

SECTION 6. Termination of Agreement

(a) *Grounds for Termination and Sanctions.* If information comes to the attention of either the Commission or the Tax Division, at any time up to and including the last day of the Holding Period, that is materially inconsistent with representations made by the Applicant herein or in an application or supporting documentation filed with the Commission or the Tax Division, the Tax Division may terminate this Agreement and the Commission or the Tax Division may deny requested certifications or rescind certifications previously issued. In either instance, any Processing Fees paid by the Applicant will be forfeited. Upon termination, any Tax Credits issued under this Agreement hereunder shall be null and void and subject to recapture. In addition, any proceeds received from the sale, transfer or assignment of Tax Credits will be subject to taxation. This Section of the Agreement shall be applied in a manner consistent with RIGL §44-33.6-4(h) and RIGL §44-33.6-3(f).

(b) *Holding Period Defined.* The term "Holding Period" as used within this Agreement shall mean twenty-four (24) months after the Commission issues a Certificate of Completed Work. In the case of a rehabilitation which may reasonably be expected to be completed in phases, as described in RIGL §44-33.6-2(16), "Holding Period" shall be extended to include a period of time beginning on the date of issuance of a Certificate of Completed Work for the first phase or phases for which a Certificate of Completed Work is issued and continuing until the expiration of twenty-four (24) months after the Certificate of Completed Work issued for the last phase.

SECTION 7. Assignment of Agreement.

(a) *Assignments Allowed and Consents Required.* The Applicant's right to assign this Agreement is limited and shall be governed by RIGL §44-33.6-4(g) with that section allowing such assignment only to:

(1) An Affiliate of the Applicant without the consent of the Tax Division, or

(2) A banking institution, as defined by RIGL §44-14-2(1), or a credit union, as defined by RIGL §44-15-1.1(1), without the consent of the Tax Division, or

(3) A person, firm, partnership, trust, estate, limited liability company, corporation (whether for profit or non-profit) or other business entity that incurs Qualified Rehabilitation Expenditures for the Substantial Rehabilitation of Certified Historic Structures or some identifiable portion thereof to be Placed in Service on or after July 3, 2013, with such assignment to be approved by the Tax Division and which approval shall not be unreasonably withheld, or

(4) A person, firm, partnership, trust, estate, limited liability company, corporation (whether for profit or non-profit) or other business entity that is approved by the Tax Division, and such assignment shall require the consent Tax Division.

(b) *Affiliate Defined.* The term "Affiliate" is defined in RIGL §44-33.6-4(g) as any entity controlling, controlled by or under common control with such person, firm, partnership, estate, trust, limited liability company, corporation (whether for profit or non-profit) or other business entity.

(c) *Notice of Assignments.* Prior written notice of any assignments of the Agreement, including those for which no consent is required, shall be given to the Tax Division pursuant to Section 13. Such notice shall include the name, tax identification number, the address, phone number, and contact person for both the assignor and the assignee and shall indicate the date of assignment.

SECTION 8. Timely Progress of Project Required.

(a) *Project Schedule Must Have Been Filed.* The Applicant covenants that it has submitted to the Commission, along with its Part 2 Application, a reasonably detailed project timeline setting forth a schedule whereby various identifiable aspects of the Project (e.g., rough plumbing & electrical, exterior siding, interior finish work on 1st floor) will be completed and the estimated amount of Qualified Rehabilitation Expenditures that will be expended on each such aspect of the Project (the "Project Schedule"). In the event that the Project is to be completed in phases, the Project Schedule should also reflect when it is anticipated that each phase will be completed and an estimate as to the amount of Qualified Rehabilitation Expenditures that will be incurred in each phase.

(b) *"Substantial Construction" Requirement.* The Applicant acknowledges and agrees that Substantial Construction on the Project must commence within twelve (12) months from the date on which the Applicant's Part 2 Application is approved by the Commission. Furthermore, upon commencing Substantial Construction, the Applicant shall file an affidavit with the Commission

attesting to the commencement of Substantial Construction together with evidence that the requirements of Substantial Construction have been satisfied.

(c) *Substantial Construction Defined.* The term “Substantial Construction” is defined to mean that (i) the owner of a Certified Historic Structure has entered into a contract with the Tax Division and paid the Processing Fee; (ii) the Commission has certified that the Certified Historic Structure’s rehabilitation will be consistent with standards set forth in Chapter 33.6 of Title 44; and (iii) the owner has, within five (5) years from the date this Agreement is executed, expended ten percent (10%) of the Qualified Rehabilitation Expenditures estimated in the contract entered into with the Tax Division for the Project or, if a phased project, for the first phase the Project. Substantial Construction does not occur until all three of the above requirements are fulfilled.

(d) *Project Shall Not “Remain Idle”.* The Applicant further covenants that within twelve (12) months from the date of Part 2 Certification, construction will commence and the Project shall not Remain Idle for any period of time exceeding six (6) months prior to the completion of the Project.

(e) *Remain Idle Defined.* The term “Remain Idle” is defined to mean that:

(1) Substantial work has ceased at the Project; or

(2) Work crews have been reduced by more than twenty-five percent (25%) for reasons unrelated to (i) scheduled completion of work in accordance with the Project’s schedule, (ii) reasonably unanticipated physical conditions, or (iii) an event of force majeure; or

(3) The Project Schedule that was originally submitted to the Applicant to the Commission has been extended for more than twelve (12) months for reasons unrelated to (i) reasonably unanticipated physical conditions or (ii) an event of force majeure.

The Project is deemed to Remain Idle if any one of the above three criteria are met.

(f) *Force Majeure Defined.* To be deemed an event of force majeure, the cause of the event must be (i) reasonably unforeseen, (ii) outside the control of the Applicant and (iii) could not be avoided by the Applicant’s exercise of due care. By way of example, and not in limitation, any delays, work stoppages, or work force reductions caused by financial difficulties, labor disputes or violation of the law shall be deemed to cause the Project to Remain Idle.

(g) *Penalties for Non-Compliance.* In the event that Substantial Construction is not commenced within twelve (12) months from the date on which the Applicant’s Part 2 Application is approved by the Commission or if the Project Remains Idle for a period of time exceeding six (6) months, the Applicant shall forfeit all Processing Fees paid prior to that date and this Agreement for Tax Credits shall be terminated and deemed null and void without further action or documentation.

(h) *Periodic Reports Required.* In order to demonstrate that the Project does not Remain Idle, the Applicant, or its successor in interest, is to submit quarterly reports, with supporting documentation, to the Tax Division on or before the fifth day of April, the fifth day of July, the fifth day of October and the

fifth day of January. Said reports shall briefly set forth the work or tasks accomplished and the number of individuals employed on the Project during the preceding quarter.

(i) *Reapplication after Forfeiture and Termination.* Upon forfeiture and termination, the Applicant, pursuant to RIGL §44-33.6-7, may re-apply for Tax Credits for the Project but the Applicant acknowledges that it will be placed at the end of queue of prior applicants then awaiting the availability of Tax Credits. To reapply and be placed at the bottom of the Queue, the Applicant must submit a new application for Rhode Island Historic Preservation Tax Credits 2013 (Form HTC-13) to the Tax Division. If and when Tax Credits become available, the Applicant acknowledges that reapplication is expressly conditioned and subject to the following:

(1) The Applicant shall submit to the Commission a new application for Part 2 Certification, an amended Project Schedule as described in Section 8(a), setting the new reasonably detailed project timeline;

(2) The Applicant shall submit evidence, along with its request for reapplication, establishing the reason for the delay in the commencing Substantial Construction of the Project or for the Project Remaining Idle, and shall further provide evidence, reasonably satisfactory to the Commission, that the condition or event, causing the delay in commencing the Project or causing the Project to Remain Idle, has been resolved and will not recur; and

(3) The Applicant will be required to remit a three percent (3%) non-refundable Processing Fee as described in Section 4(b). This Processing Fee shall be calculated in accordance with the re-application submitted to the Commission and the Tax Division.

SECTION 9. Restrictive Covenants Required.

(a) *Material Alterations.* The Applicant acknowledges and agrees that no Tax Credits shall be issued until the owner of the Certified Historic Structure grants to the Commission a restrictive covenant agreeing that, during the Holding Period as defined in Section 6(b), no material alterations will be made to the Certified Historic Structure (i) without the Commission's prior approval, and, if approved, (ii) such material alterations shall be consistent with the standards established by the Secretary of the United States Department of the Interior for the rehabilitation of historic structures.

(b) *Trade or Business Use.* In the event that application has been made for the twenty five percent (25%) Tax Credit under this Agreement, the owner of the Certified Historic Structure shall also grant to the Commission a restrictive covenant agreeing that, for a period of sixty (60) months commencing when the Certified Historic Structure, or an identifiable portion thereof, was Placed into Service, either (i) twenty five percent (25%) of the total rentable area of the Certified Historic Structure or (ii) the entire rentable area located on the first floor of the Certified Historic Structure will be made available for a Trade or Business, as defined below.

(1) *Trade or Business Defined.* Pursuant to RIGL §44-33.6-2(17), a Trade or Business means an activity carried on for the production of income from the sale or manufacture of goods or performance of services, *excluding residential rental activity.*

(2) *Made Available Defined.* For purposes of this Agreement, the rentable area of a Certified Historic Structure is “made available for a Trade or Business” if, during the sixty (60) months after the Certified Historic Structure, or an identifiable portion thereof, was Placed into Service, the owner of the Certified Historic Structure has:

(i) Consistently and repeatedly advertised and marketed the rentable area for immediate occupancy or use by means of electronic media, print media, commercial listings or directories and other channels of communication reasonably designed to reach businesses located throughout the State of Rhode Island and in communities in adjoining states; or

(ii) Has consistently and repeatedly rented or leased the rentable area to a Trade or Business as defined in Section 9(b)(1) above.

(3) *Documentation Required to Demonstrate Compliance.* The Tax Division may require rental agreements and/or sample advertising materials and invoices to document compliance with the provisions of RIGL §44-33.6-4 and RIGL §44-33.6-2(17).

(c) *Participation in Registered Apprenticeship Program.* The Applicant acknowledges and agrees that, under RIGL §44-33.6-8, if the Hard Construction Costs of the Project equal or exceed ten million dollars (\$10,000,000), Tax Credits will be allowed only if any contractor and subcontractor working on the Project has an apprenticeship program for all apprenticeable crafts that will be employed on the Project at the time of bid. Said apprenticeship programs must be registered and approved by the United States Dept. of Labor in conformity with federal regulations.

(1) *Hard Construction Costs Defined.* Hard Construction Costs shall mean direct contractor costs for labor, material, equipment, and services associated with the Project, contractors’ overhead and profit, and other direct construction costs. By way of example and not in limitation, Hard Construction Costs do not include architectural and engineering fees, the cost of surveying, legal and accounting expenses, insurance premiums or development costs. Hard Construction Costs are not necessarily costs that are allowable as QREs.

(2) *Minimum Employees Required.* The requirement to have a registered and approved apprenticeship program applies to any contractor and subcontractor working on the Project that has five (5) or more employees.

(3) *Review to Ascertain Non-Compliance.* The Applicant acknowledges that there are statutory sanctions for non-compliance with RIGL §44-33.6-8 and that the Department of Labor & Training, in conjunction with the Tax Division and other agencies, may review claims that a contractor or subcontractor was exempt from the apprenticeship program requirement due to insufficient employees.

SECTION 10. Jurisdiction and Venue. This Agreement shall be governed by the laws of the State of Rhode Island. Venue for all legal proceedings arising out of this Agreement, or the breach thereof, shall be located only in a court with competent jurisdiction in the State of Rhode Island.

SECTION 11. Entire Agreement. This Agreement contains the entire understanding between the Parties. For purposes of this Section, the Exhibits attached hereto are integral to the Agreement and made a part of the Agreement. The Agreement may not be changed orally but only by agreement in writing signed by the Parties.

SECTION 12. Severability. If one or more of the provisions of this Agreement should become legally invalid, the validity of the remaining provisions shall not be affected thereby. However, in such case, the Parties shall immediately agree on some other contractual arrangement which secures, as far as possible, the intended economic effect of the invalid provision(s).

SECTION 13. Notices. All demands, notices and communications hereunder shall be in writing and shall be deemed to have been duly given, if mailed by registered or certified mail, return receipt requested, or, if transmitted by other means, when received by the other Party at the address set forth herein, or such other address as may hereafter be furnished to the other Party by like notice.

(a) It is the responsibility of the Applicant or its successor and assignees to timely notify the Tax Division of any changes in contact information, and in particular, to notify the Tax Division of any change in address to which written notices should be sent.

(b) Notice or communication hereunder shall be deemed to have been received on the date delivered to or received at the premises of the addressee. In the case of receipt by registered or certified mail, notice or communication hereunder shall be deemed to have been received by the date noted on the return receipt. Any notice required or permitted to be given under this Agreement shall be sufficient if in writing, and if sent by registered or certified mail or delivered, postage prepaid, to the addresses below:

If to the Applicant:

Mr. John C. Santoro

 Lyman Lofts Developers, LLC

 101 Corliss Street

 Providence, RI 02940

If to the Tax Division:

Tax Administrator
 RI Division of Taxation
 One Capitol Hill, 1st floor
 Providence, RI 02908-5800

SECTION 14. Guarantee, Binding Effect and Enforceability.

(a) *Guarantee of Delivery of Tax Credits*. If this Agreement is not terminated pursuant to Section 6 or Section 8(f) and the Applicant has secured a Certification of Completed Rehabilitation from the Commission, the Tax Division guarantees delivery of one hundred percent (100%) of the amount of the Tax Credit, subject to audit and confirmation, to (i) the Applicant pursuant to RIGL §44-33.6-3(b)(1) as the party that incurred Qualified Rehabilitation Expenditures for the Substantial Rehabilitation

of a Certified Historic Structure or an identifiable portion thereof, as specified in the Agreement, and Placed in Service on or after July 3, 2013, or (ii) to the Assignee(s) of the Applicant pursuant to RIGL §44-33.6-3(f) and the Regulations.

(b) If this Agreement is not terminated pursuant to Section 6 or Section 8(f) and the Applicant has secured a Certification of Completed Rehabilitation from the Commission, the Tax Division guarantees that the Tax Credit, subject to audit and certification, shall be allowed pursuant to RIGL §44-33.6-3(b) and §44-33.6-3(e) for the taxable year in which a Certified Historic Structure or an identifiable portion thereof, as specified in the Agreement, is Placed in Service; Provided that the Substantial Rehabilitation test is met for such taxable year and provided further that the Certified Historic Structure, or an identifiable portion thereof, is Placed into Service on or after August 1, 2013.

(c) "Substantial Rehabilitation" means that the Qualified Rehabilitation Expenditures incurred with respect to the Certified Historic Structure during the twenty-four (24) month period selected by the Applicant ending with or within the taxable year, in which the Certified Historic Structure is Placed in Service, exceed the Adjusted Basis in such building and its structural components as of the beginning of such period. In the case of any Rehabilitation which may reasonably be expected to be completed in phases, the above definition shall be applied by substituting "sixty (60) month period" for "twenty-four (24) month period".

(d) This Agreement constitutes a binding and enforceable agreement between the Applicant and the Tax Division. This Agreement and the rights granted hereunder shall be enforceable by the Parties through all remedies available at law and in equity.

SECTION 15. Limitations.

(a) *Applicability of Agreement.* This Agreement applies only to a Rehabilitation of a Certified Historic Structure or some identifiable portion thereof, that: (i) is Placed in Service on or after August 1, 2013; (ii) for which an Application for Certification of a Rehabilitation Plan (a/k/a Part 2 Certification) and an Application for Determination as a Historic Structure (a/k/a Part 1 Certification) have been issued by the Commission after August 1, 2013; and (iii) for which Qualified Rehabilitation Expenses have been incurred on or after July 3, 2013.

(b) *Election of Tax Credit Program.* The Applicant and/or its Assignees who elect and qualify for Tax Credits for the Substantial Rehabilitation of a Certified Historic Structure under Chapter 33.6 of Title 44 are ineligible to claim Tax Credits for Rehabilitation of that particular Certified Historic Structure under Chapter 33.1 of Title 44, Chapter 64.7 of Title 42 or Chapter 31 of Title 44. Applicants and/or their assignees must waive, in writing, any claims to tax credits under the aforementioned chapters prior to entering into this Agreement.

SECTION 16. Further Assurances. Each of the Parties hereto shall promptly execute and deliver all such documents, instruments and assurances and do or cause to be done all such acts and things as are necessary or advisable fully to perform and carry out the provisions and intent of this Agreement.

SECTION 17. Captions. Titles or captions of Sections contained in this Agreement are inserted only as a matter of convenience and for reference, and in no way define, limit, extend, or describe the scope of this Agreement or the intent of any provision hereof.

SECTION 18. No Waiver. The failure of any Party to insist upon strict performance of a covenant hereunder or of any obligation hereunder, irrespective of the length of time for which such failure continues, shall not be a waiver of such Party's right to demand strict compliance in the future. No consent or waiver, express or implied, to or of any breach or default in the performance of any obligation hereunder, shall constitute a consent or waiver to or of any other breach or default in the performance of the same or any other obligation hereunder. No term or provision of the Agreement may be waived unless such waiver is in writing and signed by the Parties.

SECTION 19. Executed in Counterparts. For the purpose of facilitating proving this Agreement, and for other purposes, this Agreement may be executed simultaneously in any number of counterparts. Each counterpart shall be deemed to be an original, and all such counterparts shall constitute one and the same instrument.

SECTION 20. Warranties.

(a) *Warranty of Legal Existence*. The Applicant warrants that it is duly organized, chartered or formed under the laws of its State of domicile and that it has the lawful power to engage in the business it is presently conducting or will conduct in the future. The Applicant is duly licensed or qualified and in good standing in each jurisdiction, including Rhode Island, wherein the nature of the business it transacts makes such licensing or qualification necessary.

(b) *Warranty of Authority to Execute*. The Applicant and the signatory of this Agreement for the Applicant both warrant that they have the power and authority to negotiate and execute this Agreement and to perform the obligations thereunder and all such acts have been duly authorized by the necessary proceedings.

(c) *Warranty of No Outstanding Delinquencies or Deficiencies*. The Applicant further warrants that it does not have any outstanding delinquencies or deficiencies for taxes or regulatory fees owed to the State of Rhode Island.

SECTION 21. Disclosure and Dissemination of Reported Information. The Applicant acknowledges and agrees that RIGL § 44-33.6-9 imposes certain reporting requirements for the Applicant's participation in this tax credit program and that the information reported shall be specific, definite, and attributable to an identifiable person. In addition, such specific information, including this Agreement and its terms and exhibits, pursuant to RIGL § 44-33.6-9, shall be:

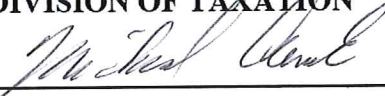

(a) Shared with or disseminated among other instrumentalities of the State, including but not limited to, the Commission, the Economic Development Corporation, designated members of both houses of the General Assembly, the governor, and the Department of Labor and Training; and

(b) A public document made available to the public for inspection by any person and published by the Tax Administrator on the Tax Division website.

This section shall also apply to any contract voided under the provisions of this Program.

IN WITNESS WHEREOF, the parties have caused this contract to be duly executed intending to be bound thereby:

HISTORIC PRESERVATION INVESTMENT TAX CREDIT Part 1 -- Certification of Historical Significance

RI Project Number 13-84

Property Name Lymansville Company Mill

Property Address 184 Woonasquatucket Ave, North Providence, Rhode Island

This Part 1 evaluation of significance has been reviewed by Jeff Emidy
who meets Historic Preservation Professional Qualification Standards.

REASON FOR CERTIFICATION OF HISTORICAL SIGNIFICANCE
(See page 2 for a brief description of the property and its significance.)

- Property is individually listed in the National Register of Historic Places
(Or determined to be eligible by the US Department of Interior).
- Property contributes to the significance of t
- Property has been designated as a historic property by Ordinance in the City/Town of _____, in accordance with RIGL 45-24.1 and
 - it is more than fifty (50) years old, and
 - it is related to a broad theme of the community's history or is a good example of a type, style, or method of construction, and
 - it possesses sufficient integrity of location, design, setting, materials, workmanship, feeling and association to convey its historical significance.
- THIS IS ONLY A PRELIMINARY DETERMINATION. The property appears to meet the criteria indicated, but it has not been formally listed or designated. In order to claim a RI Historic Preservation Investment Tax Credit the property must receive FINAL Certification of Significance before the rehabilitation work is completed and before the building is placed in service.

Lymansville Company Mill
184 Woonasquatucket Ave, North Providence
RI Historic Preservation Tax Credit Project 13-84

This updated project summary describes the same project as #13-28 which was previously reviewed and certified.

The Lymansville Mill is individually listed on the National Register. It is a typical late nineteenth century cloth manufacturing mill, comprised of a collection of interconnected red brick buildings which were used for different processes in the weaving and finishing of worsted products. The complex occupies a challenging site, as it is surrounded by the river on nearly three sides, and is subject to environmental restrictions. This rehabilitation application describes the conversion of the vacant structures to multi-family use as 101 apartments.

The main buildings in the complex include three-story Mill 1, c. 1884 to 1921 (two expansions); Boiler House, c. 1884 and later; Weave House, c. 1884 and later; two-story Mill 4, c. 1887 and later; small two-story Office Building; single-story CMU Dye House, c.1951 and 1965; and various small additions. Demolition is proposed for several smaller additions and the Dye House. RIHPHC has reviewed all of the proposed demolitions and does not object to the removal of the various minor structures as described in the application. The single large building that is proposed for demolition, the Dye House, is a late (c. 1951 and later) building of no architecturally distinguishing character. It replaced an original Dye House on the same site, and while it's function was important to the manufacturing process, the building itself has a number of problems that require its demolition for the successful redevelopment of the site. The Dye House building and ground under it is contaminated and cannot be occupied. Further, it is a large single story structure that blocks all south facing windows in Mill 4, making it more difficult to get light and views into the units in this building. Finally, it is sited so close to the river edge at its southeast corner that it blocks access for fire and emergency vehicles, and it is in the flood zone. For these reasons, RIHPHC does not object to the proposed demolition of the Dye House. These demolitions will not be visible to public view from the street.

The original raceway for the power system for the mill ran generally from west to east under Building #1. The tailrace location is still visible between the parking area and the north face of Building #4. The cavernous space under Building #1 still contains the ruins of the turbine system. The water no longer runs through the raceway, though it remains very damp and soggy

under the first floor structure. The wood floor structure exhibits signs of deterioration from exposure to moisture from below.

Sadly, all of the windows in the brick buildings have been replaced with non-historic replacement sash. There are historic photos of the mill which show the original window configuration, and this project scope includes the replacement of all existing windows with new aluminum replacements which more closely match the historic windows. Preliminary demolition uncovered a pair of original windows intact within the wall where a later addition was built. The profiles of these windows will be matched in the new windows. Each window type will be replicated for each window opening as guided by the historic photo (c.1901). Mock-ups will be prepared for review and approval. Windows will be white, as shown in the historic photo (they will not be black as shown in renderings). Another notable change, because the building is so prominent from the street view, is the loss of the cornice on the office wing. The 1901 photo shows the proportion of the cornice and overhang, if not the detail. The proportion and what detail can be gathered from the photo will be replicated on the Office Building. Exterior masonry will be repointed and cleaned, as needed. Samples of both will be prepared for SHPO review.

Proposed changes to the exterior include a small entrance and staircase addition to the east end of the Boiler House. The addition will be confined to the top of an existing brick bump-out, and is called out to be glass, to bring light into the stair and distinguish it from the historic buildings. It will have a new entrance canopy. Also, two elevators will be added, and will project approximately 18 inches above the roof line. One elevator will be located at the south end of Mill 1, and will not be visible above the roof. The second elevator will be located just east of the main entrance and tower where Mill 1 and Mill 4 intersect. The roof projection is shown (not quite in the correct location) in drawing AP-4 in the north elevation of Building 4. It will be set back from the roof edge several feet, so its appearance should be minimal. Note that the large format floor plans show the elevator against the outside wall, but the location has been revised to locate the new elevator to the interior of the building. See revised drawings.

The south elevation of the Boiler House has some large openings that have been infilled with brick or plywood. The design for this elevation is still being discussed. One idea shown in the application would close down all of the large openings and insert new windows of a similar scale shown on the other buildings.

Interior spaces have been subdivided into smaller rooms in many areas. Without exception, the subdividing partitions are not historic fabric and will be removed to allow the subdivision of the mill floors for apartments. Most interior masonry walls are painted exposed brick, with very few exceptions. A few brick walls in the lower levels of Mill 1 have had paint removed. There are three existing wood staircases: two are in towers and will be preserved, and the third stair is a wood stair in Mill 4 that is not in good condition and which will be replaced with a code-compliant stair.

The interior of the mill buildings will be subdivided for apartments, most arranged along double-loaded corridors. Paint will be removed from exterior walls by abrasive methods for lead abatement, but brick walls will be repainted. Ceilings will be insulated between beams, however because window heads are extremely close to the underside of floor decking, any insulation and finish will be held back from the face of the window several feet where it drops below the ceiling head. Similarly, HVAC ducts will be held back from windows by several feet where they drop below the top of the window. Floors are concrete on the first floor, and wood above, in various conditions. Where it is salvageable, wood flooring will be refinished. Where it is deteriorated and water damaged beyond repair, it will be covered with insulating underlayment and bamboo flooring on upper floors. The concrete floors will be covered with sleepers and prefinished hardwood.

The rehabilitation described in this application involves the removal of several buildings, the demolition of which are either necessary for any re-use of the complex, or which are minor and do not diminish the historic resource. The proposed rehabilitation will subdivide the mill for residential use in a manner consistent with many other mill rehabs in Rhode Island. The proposed changes to the exterior, outside of the demolition, are fairly minor and will have no significant impact on the historic character of the mill. This Part 2 application for proposed historic rehabilitation is approved with the following conditions which must be met:

CONDITIONS FOR APPROVAL

Windows - All of the original windows in the mill have been removed and replaced with non-historic windows. New aluminum windows are proposed that will closely replicate the window configuration shown in historic photographs. In order to ensure the proposed windows meet the Standards, detailed dimensioned drawings of any proposed replacement windows, showing them in relation to the wall assembly, must be submitted for review and approval by RIHPHC. Glass must be clear, screens must be on the interior, and exterior trapezoidal muntin grids must be on the exterior of the window along with a grid sandwiched between the two panes.

Entrance Canopy at Mill 4 – An entrance canopy is shown at the entrance to Mill 4. Details of the proposed canopy must be submitted for further review and approval by RIHPHC prior to construction of this feature.

Boiler House Windows – The Boiler House has a number of very large masonry openings which have been filled with board-infill. Further discussion and design development of the treatment of these openings is needed in consultation with NPS, RIHPHC and the design team. Current plans for the addition of new windows or shrinking any openings by adding new brick is not approved. Plans for treatment of these windows must be submitted for final review and approval by RIHPHC.

Interior Window and Wall Treatment – some renderings included in the application show exposed brick walls with wood trimmed window surrounds. The application narrative describes retaining painted wall treatment. New wood trim necessary for finishing around new windows must be painted to match the paint color on the masonry walls; new trim may not be left unpainted.

Masonry Repointing – Repointing mortar must match the color, texture, strength, joint width and joint profile of the existing historic masonry. Specifications and repointing samples must be reviewed and approved by RIHPHC before proceeding with this work. Good quality overall and close-up color photographs of the masonry both **before** and **after** repointing must be submitted with the Request for Certification of Completed Work.

Masonry Cleaning - The cleaning process proposed for the exterior masonry must not damage or substantially alter the physical characteristics of the masonry surfaces. Good quality overall and close-up color photographs of the masonry both **before** and after cleaning must be submitted with the Request for Certification of Completed Work.

Floor Finish – Several references in the application or drawings are unclear, such as “remove existing floor finishes and adhesives to make room for new finishes”; or “provide rubber reducer where floor thickness varies”. In general, where wood floors remain but are not sufficiently intact to refinish, any new flooring or leveling must be accomplished with the insertion of a bond breaker between the existing wood floor and the new material, so that the new floor can be removed without destroying the existing wood flooring and decking. The wood flooring contributes to the historic character of the interior and must be preserved. If it is deteriorated beyond repair, that condition must be documented. Replacement flooring, where justified, must match the general characteristics of the historic floor.

Carpeting or floor coverings that do not match the historic material, must avoid covering the entire historic floor surface in common areas. It should be limited to discrete traffic areas to preserve more of the historic interior character. In order to ensure the flooring treatment meets the *Standards*, a detailed proposal for floor finishes in common areas must be submitted for review and approval by RIHPHC.

Structural Reinforcement – The narrative makes reference to column and beam reinforcement on structural plans. Structural plans were not included and must be submitted for review and approval by RIHPHC. The plans must clearly indicate the extent of reinforcement that is needed. Industrial facilities of this period of construction were structured to accommodate the heavy industrial equipment and vibrating machinery that occupied them. It would be unusual for this heavy timber and masonry manufacturing facility to need reinforcing for conversion to a residential use with a much lighter structural loading requirement.

Abrasive Cleaning of Interior Masonry – Paint removal on interior masonry, if undertaken, must be accomplished with the finest blasting medium that will remove the paint without pitting or erosion of the brick and mortar joints. A cleaning sample must be prepared for review and approval by the RIHPHC before this work is undertaken.

Abrasive Cleaning of Wood – No sandblasting of any historic wood surface (columns, beams, floor decking, stair railings or wood paneling, etc...) that is within 10 feet of the floor will be allowed. Blasting of wood above 10 feet of the floor (beams and decking) must be undertaken with the gentlest medium, pressure and distance that will remove the paint without significantly raising the grain of the wood.

HVAC systems and service lines

New mechanical, electrical, and plumbing systems must be installed in a manner that has minimal effect on the historic character of the building. Exposed ductwork must be sized and located to minimize its impact, held back from the windows, and painted to blend with its background. In order to ensure the installation of the systems meets the *Standards*, details of the location, size, and concealment or finish of the ductwork and utility lines must be submitted for review and approval by RIHPHC.

RACEWAY

The exterior remains of the raceway must be retained (no infill to expand parking or landscaping). Landscape treatment for the now dry canal must be submitted for review and approval prior to construction. The interior remains of the power system and equipment should be retained intact, and plans for treatment of this area must be submitted for further review and approval by RIHPHC.

ESTIMATED PROJECT TIME-LINE

Project Name: Lymanville Company Mill **Project Tax Credit Number:** 13-84

Project Address: 184 Woonasquacket Avenue, North Providence, RI 02911

ITEM NO.	DESCRIPTION OF WORK	ESTIMATED COST	ESTIMATED COMPLETION DATE
1	Architectural & Engineering completed	\$485,000	4-30-16
2	Construction contract awarded	\$11,952,275	4-1-16
3	Contractor Authorized to proceed		4-1-16
4	Building Permit Application filed	\$144,251	4-15-16
5	Other permitting (CRMC, Zoning, etc.)	\$20,000	2-2-16
6	Exterior Envelope Rehabilitation Completed Demolition Masonry/carpentry repairs Windows and doors Roof Painting	\$110,820 \$390,000 \$1,525,000 \$745,000 \$400,000	4-15-16 9-30-16 10-30-16 9-30-16 11-30-16
7	Interior Rehabilitation Completed Demolition Rough framing Plumbing, mechanical, electrical, sprinklers Interior finishes	\$370,000 \$1,660,000 \$3,540,000 \$1,525,000	5-15-16 10-30-16 2-20-17 3-31-17
8	Site work and landscaping completed	\$650,000	6-15-17
9	New construction/additions completed		
10	Project completion and Certificate of Occupancy issued		6-30-17

Providence	RI	02940	

Part A - Project Information

- 1 Project name: Lymansville Company Mill
- 2 Project location: 184 Woonasquatucket Avenue, North Providence, RI
- 3 Project number: 13-84

Part B - Processing Fee Calculation Complete lines 1, 2, 3 and 7. If you wish to revise the amounts from your Form HTC-13, complete lines 1 through 7. NOTE: You cannot receive more Historic Preservation Tax Credits 2013 than what you initially applied for. If line 6 is more than line 3, you must change line 4 or 5, or both.

1 Estimated Qualified Rehabilitation Expenditures from 2013 application - Form HTC-13.....	1	3,789,004	
2 Credit Percentage Elected - 20% or 25% from 2013 application - Form HTC-13.....	2	20 %	
3 Estimated Historic Preservation Tax Credits 2013 from 2013 application - Form HTC-13.....	3	757,801	
4 Revised Estimated Qualified Rehabilitation Expenditures.....	4		
5 Revised Credit Percentage Elected - 20% or 25%.....	5	%	
6 Revised Estimated Historic Preservation Tax Credits 2013 amount.. CANNOT BE MORE THAN LINE 3 CREDIT AMOUNT	6		
7 Total processing fee due. Multiply line 1 or line 4, whichever is applicable, by 3% (0.0300)..	7	113,671	

Make cashier's check or money order payable to the RI Division of Taxation. This fee is non-refundable. Pursuant to R.I.G.L. 44-33.6, Historic Preservation Tax Credits 2013, applicants are required to pay a non-refundable processing fee equal to 3% of Qualified Rehabilitation Expenditures as estimated on their Application for Rhode Island Historic Preservation Tax Credits 2013.

If you are revising the amount of Estimated Qualified Rehabilitation Expenditures for which you initially applied on your Application for Rhode Island Historic Preservation Tax Credits 2013, you acknowledge and agree that you waive all rights, claims and entitlements to Historic Preservation Tax Credits associated with the difference between the amount initially applied for (line 3) and the revised amount noted on line 6 above.

This 3% non-refundable processing fee must be paid prior to entering into a contract with the RI Division of Taxation under this program. Qualified applicants have 30 days from the date of Part 2 certification from the RI Historical Preservation & Heritage Commission to pay this non-refundable fee, and enter into a contract with the RI Division of Taxation.

Under penalties of perjury, I declare that I have examined this form and to the best of my knowledge and belief, it is true, accurate and complete.
