Total	33			\$	36,300.00
Scholarship Organization's Totals	45			\$	49,500.00

Criteria used to determine whom a scholarship should be awarded to under this program:

Our sole criteria is income level, once the student has been accepted to one of our schools. Any student whose family income level met the state requirements for the scholarships was given a scholarship. We divided the total amount of available funds (\$50,000) evenly among the recipients.
