Rhode Island General Laws (R.I. Gen. Laws), as specifically delineated below, require the Division of Taxation to annually report a recipient’s name, address and amount of tax incentives received during the previous fiscal year in the following categories:

- Jobs Development Act (§ 42-64.5-5);
- Motion Picture Production Tax Credit (§ 44-31.2-6.1); and
- Historic Preservation Tax Credits 2013 (§ 44-33.6-9).

In addition, effective July 1, 2015, R.I. Gen. Laws § 44-33.6-9, reporting requirements of Historic Preservation Tax Credits 2013 requires the annual reporting in the aggregate of certain information pertaining to projects completed during the year.

The attached report also summarizes the amounts of tax credits and bonds, grants, loans, loan guarantees, matching funds or tax credits received by entities during Fiscal Year 2023 (July 1, 2022 through June 30, 2023).

This attached report summarizes the amount of tax credit received along with other incentives received for each project entity during Fiscal Year 2023. This report is not intended to provide an analysis as to the effectiveness of this or any other tax credit or incentive.

By law, businesses are required to submit the information, under penalties of perjury, to the Division of Taxation, which then verifies and compiles the data and publishes it in a report, which the agency makes available on the Tax Credit and Incentive Reports page of its website, https://tax.ri.gov/guidance/reports/credit-programs/tax-credit-and-incentive-reports.

A total of 13 businesses received over $38 million in state tax incentives for the year ended June 30, according to the attached report published on August 15, 2023.

The Annual Tax Credit Disclosure Report focuses on three tax incentives that were created to help spur job creation and economic development – corporate tax rate reductions, motion picture production tax credits and historic preservation tax credits.

Prior to this fiscal year, the report included additional tax incentives that could no longer be utilized, but the Division of Taxation was still required to report on. The passage of Senate Bill 713, Substitute A, as amended, and House Bill 5840, Substitute A, removed the requirement to report on those tax incentives.

Since 2008, more than 446 businesses have received a cumulative total of $470 million in Rhode Island tax credits and incentives.
