

## INSTRUCTIONS FOR COMPLETING THE ENDS-1 RETURN:

### Who Must File and Frequently Asked Questions (FAQs):

We encourage you to use this link, <https://tax.ri.gov/tax-sections/sales-excise-taxes/ENDS-tax>, to familiarize yourself with important information regarding licensing, sales, filing and tax payment requirements for all manufacturers, importers, and distributors selling **Electronic Nicotine-Delivery Systems (ENDS) aka “Vapes”** to Rhode Island dealers on or after January 1, 2025. There are helpful FAQs, Resources, and other helpful links.

The screenshot shows the website header for the State of Rhode Island Division of Taxation, Department of Revenue. A yellow banner contains an update about licensing and enforcement of ENDS products. Below the banner is a breadcrumb trail: Home > Tax Sections > Sales & Excise Taxes > ENDS-tax. A sidebar on the left lists 'Tax Sections' with expandable options for 'Audit' and 'Compliance & Collections'. The main content area is titled 'Electronic Nicotine-Delivery Systems (ENDS) aka Vapes' and contains text about Article 6 of the Governor's Fiscal Year 2025 Budget imposing a tax on ENDS products.

**UPDATE: Licensing and enforcement of ENDS products**  
The Division of Taxation has posted the list of Rhode Island-licensed distributors with a unified cigarette, tobacco, and electronic nicotine-delivery system (ENDS) products license. Rhode Island retailers/dealers are required to purchase these products, except for cigars, from only Rhode Island-licensed distributors. The list is available at [Unified License List - January 2025](#) and under Miscellaneous Links on the Division's [ENDS tax webpage](#).

Licensing and enforcement of Electronic Nicotine-Delivery System (ENDS) products, also known as e-cigarettes or vapes, are being transitioned to the Rhode Island Division of Taxation. For more information, please see the Division's [Notice](#) and/or visit the [ENDS tax webpage](#).

### Electronic Nicotine-Delivery Systems (ENDS) aka Vapes

Article 6 of the Governor's Fiscal Year 2025 Budget imposes a tax on electronic nicotine-delivery system (ENDS) products, commonly known as vapes, at a rate that depends on the product.

**Figure 1: Division of Taxation Website-ENDS Products Tax**

### The ENDS-1 Electronic Tax Form Overview:

The ENDS-1 form contains five (5) schedules. Four (4) of the schedules will require you to enter specific, detailed information about the ENDS products inventory you sold or distributed as either a *“RI Resident Distributor”* or *“Non-Resident Distributor”* for each month.

The ENDS-1 form must be filed and tax paid on the Division of Taxations Taxpayer Portal each month and submitted by the 10<sup>th</sup> of the month following the sale (for example, the month ending January 31, 2025, the ENDS-1 must be filed/paid by February 10, 2025). When you file and pay on the Portal, the “postmark date” of your transaction is set (without delay) to the current date.

### Before You Begin - Documents You Will Need to Complete the ENDS-1 Form:

Any distributor with ENDS products in their possession must maintain records on the premises and make available for inspection by the Division of Taxation upon request. From these records, you will use your sales invoices and purchase invoices to complete the ENDS-1 tax schedules. Information required from the invoices include:

- Invoice Date and Number
- Vendor/Customer Name and Address
- Description of the Products

- Total Amount per Invoice (this could be the Wholesale Cost dollar amount or the total milliliters of ENDS products either brought into Rhode Island or exported from Rhode Island)

## Let's Begin: Instructions to Complete the ENDS-1 Form

The ENDS-1 form is comprised of five (5) Schedules represented by a “tab” on the form. Four (4) of the Schedules also have an associated “Total” tab. On the Schedule tab, you enter the details from the sales and purchase invoices that you have gathered. You do not need to enter data on the Total tabs. The system will automatically calculate the value when you use the CALCULATE button.

**Figure 2: ENDS-1 Schedules/Tabs**

### Schedule A - Tax Computation:

Schedule A is the first page presented on the ENDS-1 form. Several of the nine (9) line items are automatically completed for you once you enter information on any of the other four (4) Schedule tabs and click the CALCULATE button. Because of this helpful feature, you need to select either *RI Resident Distributor* or *Non-Resident Distributor* and you can wait to complete this tab until all Schedule details are entered. See section below **Completing and Submitting the ENDS-1** for further instructions.

Line #	Line Item	
i	RI Resident Distributor	<input type="checkbox"/>
ii	Non-Resident Distributor	<input type="checkbox"/>
1	Total mLs Closed System (prefilled) (Sch B)	<input type="text"/>
2a	Total mLs Closed System Exported (Sch C)	<input type="text"/>
2b	Total mLs Closed System Destroyed -Tax Paid	<input type="text"/>

**Figure 3: Schedule A – Tax Computation**

## The Four Schedules—Determining Which One(s) to Complete:

Deciding which Schedule to complete is based on a few factors:

- Are you a “RI Resident Distributor” or a “Non-Resident Distributor”?
- Which type of ENDS products do you sell or purchase:
  - “Closed Systems” (pre-filled/disposable), or
  - “Open Systems” (other ENDS, e-liquid and/or e-liquid products), or
  - Both.
  - **NOTE: Go to [ENDS\\_Distributor\\_FAQs\\_2024.pdf](#) for a list of product types.**

### Schedules Described:

#### Schedule B: Summary of Milliliters of Prefilled (Closed System) Products

- *RI Resident Distributor:* Provide a list of invoices with the total milliliters of purchased or acquired ENDS prefilled products, e-liquid and/or e-liquid products. (Referred to as “closed” systems)
- *Non-Resident Distributor:* Provide a list of sales invoices with the total milliliters sold to Rhode Island customers. (Referred to as “closed” systems)

#### Schedule C: Summary of Milliliters of Exported Prefilled (Closed System) Products

- *RI Resident Distributor:* Provide a list of sales invoices with the total milliliters for ENDS prefilled products, e-liquid and/or e-liquid products (referred to as “closed” systems) sold to out-of-state customers.
- *Non-Resident Distributor:* Do not use this schedule. Make sure you have *Non-Resident Distributor on Schedule A-Tax Computation*, checked.

#### Schedule D: Summary of Wholesale Cost of ENDS Open System Products

- *RI Resident Distributor:* List the invoices from vendors from whom you purchased or acquired all other ENDS products. (Referred to as “open” systems). The amount is the cost of the ENDS products before any discounts, allowances, rebates or reductions (known as the “wholesale cost”).
- *Non-Resident Distributor:* You must list the “wholesale cost” on sales invoices to Rhode Island customers for all other ENDS products. Make sure you have *Non-Resident Distributor on Schedule A-Tax Computation*, checked.

#### Schedule E: Summary of Wholesale Cost of Exported ENDS Open System Products

- *RI Resident Distributor:* Provide a list of sales invoices with the total “**wholesale cost**” for all other ENDS prefilled products, e-liquid and/or e-liquid products. (Referred to as “open” systems) shipped to out-of-state customers.
- *Non-Resident Distributor:* Do not use this schedule. Make sure you have *Non-Resident Distributor on Schedule A-Tax Computation*, checked.

## Selecting a Schedule:

Using your mouse, click on the Schedule tab. **NOTE: Read the title of the Schedule to better understand which product invoices should be included.**

The screenshot shows a navigation bar at the top with tabs: Return Header, Schedule A - Tax Computation, Schedule B (selected), Schedule B Total, Schedule C, Schedule C Total, Schedule D, Schedule D Total, and More. Below the navigation bar is a dark blue header for "Schedule B-Summary of Milliliters of Prefilled (Closed System) Products (See TAX RETURN INSTRUCTIONS)". The main area contains a table with columns: Invoice Date, Invoice Number, Vendor Name and Address, Description, and Milliliters. Below the table, it says "This account has no locations". At the bottom left, there is an "ADD ROW" button.

Figure 4: Blank Schedule

## Adding a New Invoice:

To begin a new invoice, click the ADD ROW button. The Portal system will present a new row with no information in the columns.

The screenshot shows the same interface as Figure 4, but with a new row added to the table. The "Invoice Date" field contains the placeholder "MM/DD/YYYY" and a calendar icon. The other fields (Invoice Number, Vendor Name and Address, Description, Milliliters) are empty. A trash icon is visible in the rightmost column of the new row. The "ADD ROW" button is still present at the bottom left.

Figure 5: Schedule after Adding a Row

## Suggestions for Entering Data in the Schedules:

1. Complete the entire row (moving left to right) before adding a new row.
2. To move from box to box, use either your mouse (click in each box), or use the <TAB> key on your keyboard to hop from box to box.
3. For the Invoice Date, enter it in 'mmdyyy' format and the Portal will add the slashes (/) between the numbers.
4. No need to enter a dollar (\$) sign before an amount and **DO NOT** round the amount. Enter an accurate amount including the part of the dollar (cents). Do not enter negative numbers.
5. For Schedules B and C, enter the precise number of milliliters. **DO NOT** round up or down. You can add up to two decimal places (for example, 10000.50). **NOTE: the page will show you six (6) decimal places, but only enter two (2).**

Invoice Date	Invoice Number	Vendor Name and Address	Description	Milliliters	
01/25/2025	#33456	Sample Vendor	Product Description	7,176.500000

**Adding More Invoices:**

Continue to use the ADD ROW button to enter more invoices.

**Submit Invoice Information Using the Attachments Feature:**

An option for entering many rows (greater than 10) of Invoice information is to use the **Attachment** tab. Go to the section in this document called **Instructions for Using Attachments** for instructions.

Return Header | Schedule A - Tax Computation | **Attachments** | Schedule B | Schedule B Total | Schedule C | Schedule C Total | Schedule D | Schedule D Total | Schedule E

**Figure 8: The Attachments Feature**

**Important Buttons and Functionality:**

Before you move to the next Schedule, click on the SAVE AND CONTINUE button.

**BACK** **NEXT**

**CANCEL** **SAVE AND CONTINUE** **CALCULATE** **SUBMIT**

**Figure 9: Buttons on the ENDS-1 form**

**SAVE AND CONTINUE: VERY IMPORTANT!!**

1. To protect the confidentiality of your tax data, the Portal will “time out” and bring you back to the Login page if you are not actively saving your information. When adding multiple rows of invoice data on a schedule, it is VERY important that you occasionally click on the SAVE AND CONTINUE button. It is recommended that after the 5<sup>th</sup> row is entered, or any time you stop entering the data, click SAVE AND CONTINUE to protect your work. You may click SAVE AND CONTINUE as many times as you need to, but you must remain within the enter tax return page.

**CANCEL:** This button will exit you from the ENDS-1 form. You will get a warning message letting you know that you will lose your changes. If you wish to continue working on the document, click ‘Cancel’ on the warning message to go back and complete the form.

**Figure 10: Cancel Button Warning**

**Instructions for Using Attachments:**

There are times when it is not efficient or practical to enter numerous rows on the Schedules. If you have more than ten (10) invoices to enter, you may choose to add a document summarizing the purchases or sales. On the Schedule, you will use the words “See Attachments” in place of invoice information (see Figure 11 below).

**Steps:**

1. Go to the specific ENDS-1 schedule (Sch B, C, D, E) and add one (1) row.
2. Columns and values:
  - a. Invoice Date: Use the last day of the filing period
  - b. Invoice Number: *See Attachments*
  - c. Vendor Name and Address: *See Attachments*
  - d. Description: *See Attachments*
3. Milliliters/Amount:
  - a. For both Schedules B & C, calculate the **total amount of milliliters** from all your invoices for ENDS pre-filled products (i.e., closed systems). Enter this number in this box.
  - b. For both Schedules D & E, calculate the **grand total dollar amount** from all your invoices of the Wholesale Cost of all Other ENDS Products (i.e. open systems).

**Figure 11: Create a Summary Row for an Attachment**

**Creating an Attachment:**

As an alternative to providing the details from the sales and purchases invoices on the Schedules, you may provide the same information in a document. Below are guidelines to follow for an acceptable attachment:

1. DO NOT ATTACH INDIVIDUAL INVOICES.
2. On the document, provide a one (1) line summary of the information on each invoice. The document must include the following information:

For Schedule B and Schedule C:

Invoice Date	Invoice Number	Vendor Name & Address	Product Description	Milliliters

For Schedule D and Schedule E:

Invoice Date	Invoice Number	Vendor Name & Address	Product Description	Amount(\$)

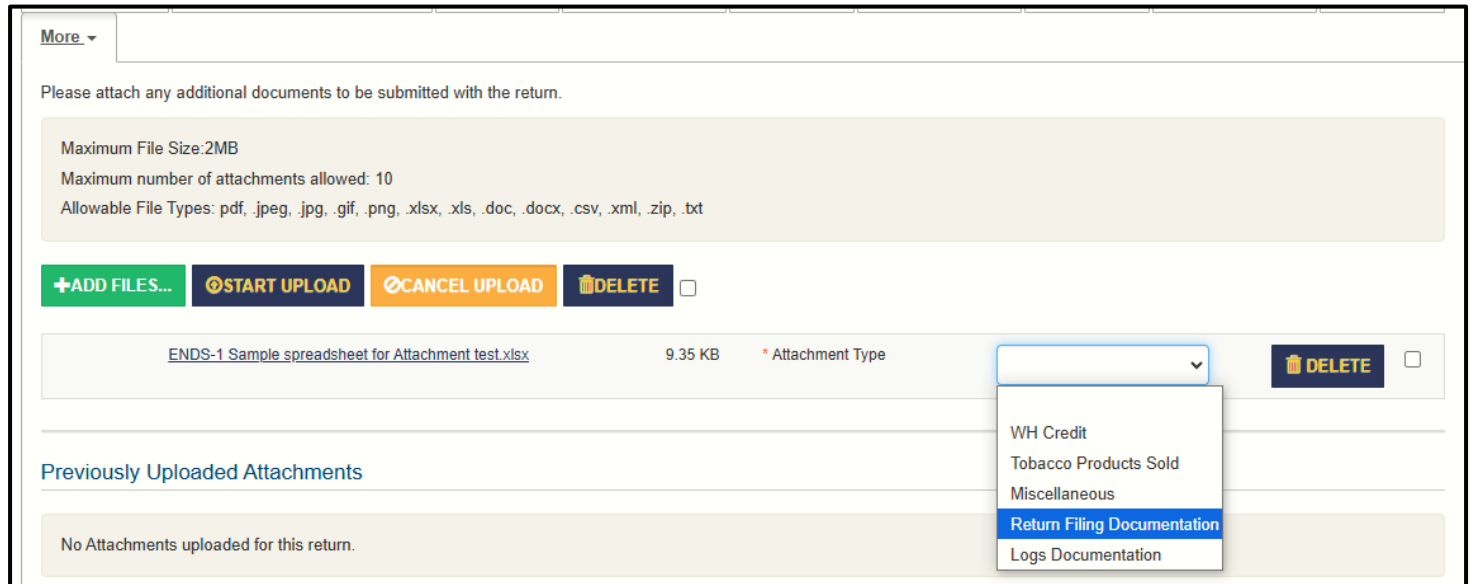

This document can be created using a variety of software applications such as Excel, Word, or scanned copies of reports created by accounting software used by your business. Regardless of file type, it MUST include (at a minimum) Invoice Date, Invoice Number, Vendor Name & Address, Product Description, Milliliters, and Amount(\$). See Figure 12 below.

**Document Name:**

Avoid document names that have special characters in it (e.g. #, !, &, \*, %). Since there are four (4) possible schedules, make the name of the document clear to indicate the Schedule that it represents (sample name: *SchedB-2025*).

## How to Upload the Document:

1. Read the **Allowable File Types**.
2. Select ADD FILES button.
3. Select a document from your computer.
4. Select START or START UPLOAD
5. Attachment Type = Return Filing Documentation
6. Continue in the same manner to add additional documents.
7. Click SAVE AND CONTINUE.

The screenshot displays a web interface for uploading documents. At the top left, there is a 'More' dropdown menu. Below it, a message reads: 'Please attach any additional documents to be submitted with the return.' A light yellow box contains the following information: 'Maximum File Size: 2MB', 'Maximum number of attachments allowed: 10', and 'Allowable File Types: pdf, .jpeg, .jpg, .gif, .png, .xlsx, .xls, .doc, .docx, .csv, .xml, .zip, .txt'. Below this box are four buttons: '+ADD FILES...', 'START UPLOAD', 'CANCEL UPLOAD', and 'DELETE' with a trash icon. A file named 'ENDS-1 Sample spreadsheet for Attachment test.xlsx' (9.35 KB) is shown with an 'Attachment Type' dropdown menu. The dropdown menu is open, showing options: 'WH Credit', 'Tobacco Products Sold', 'Miscellaneous', 'Return Filing Documentation' (highlighted in blue), and 'Logs Documentation'. A 'DELETE' button with a trash icon is also visible next to the file. Below the file list, there is a section titled 'Previously Uploaded Attachments' which states 'No Attachments uploaded for this return.'

**Figure 12: Add Attachment and Select Type**

## Completing the ENDS-1 Form:

Once you have completed your schedules, click the CALCULATE button. The Portal will bring you to **Schedule A-Tax Computation** tab with all appropriate line items automatically calculated. Before submitting your return:

1. Confirm that you have selected the appropriate checkbox for **RI Resident Distributor** or **Non-Resident Distributor**.
2. Verify the totals that appear on the line items match your records. If there are any discrepancies, you need to go to the appropriate schedule to make changes. **Note: Simply changing the line item totals on Schedule A will not correct the discrepancy. These amounts are automatically calculated from the Schedules.** (See Figure 13 below).
3. If you need to report tax paid on a previously filed return for product that was destroyed or damaged, enter the total milliliters for the product on **Line 2b** (for Closed/Prefilled Systems) or total wholesale cost on **Line 6b** (for Open Systems).

## Submitting the ENDS-1 Return to the Division of Taxation:

### **SUBMIT: VERY IMPORTANT!!**

This button begins the process of filing (submitting) your ENDS-1 return with the Division of Taxation. It is not available until you CALCULATE your return. Failure to submit your return may result in interest and penalties. In addition, this button generates a “postmark date” proving your return was filed on time.
