2015 INSTRUCTIONS FOR FILING RI-1040C

For more information on filing a Composite Return or to obtain forms, refer to the Rhode Island Division of Taxation’s website: www.tax.ri.gov or call (401) 574-8829, option #3.

GENERAL INFORMATION

Form RI-1040C is used to report the Rhode Island source income of qualified electing nonresident members of LLCs, Sub S Corporations, Partnerships, and Trusts.

If a pass-through entity is doing business in Rhode Island, or has income, gain, loss, or deduction derived from or connected with sources within Rhode Island, it can file a composite return on behalf of those qualified electing nonresident members. All of the qualified electing nonresident members must have the same taxable year.

In order to be included in the composite filing, the nonresident member must complete a Form RI 1040C-NE and file it with the entity from which they are receiving the Rhode Island source income. The entity must keep all of these election forms on file and be able to furnish them to the Rhode Island Division of Taxation upon request.

DUE DATE: RI-1040C is due on the fifteenth day of the fourth month following the close of the taxable year of the qualified electing nonresident members. (April 15, 2016 for calendar year taxpayers).

Send return to: R.I. Division of Taxation One Capitol Hill Providence, RI 02908-5806

SPECIFIC INSTRUCTIONS

Complete the top of the return by filling in the name, address and federal employer identification number. Also, check off the entity’s year end. If not a calendar year end, indicate the beginning and end dates of the entity’s fiscal year. Only entities with a fiscal year beginning in 2015 may use this form.

Check the "Amended" box if filing an amended 2015 RI-1040C.

SECTION A: COMPUTATION OF INCOME

Line 1 - Enter your total Federal Taxable Income from Federal Form 1120S, line 21; Federal Form 1065, line 22 or Federal Form 1041, line 18, and add to that any separately stated income or deductions listed on your Federal K-1.

Line 2 - Modifications Increasing Federal Taxable Income

Line 2a - Enter any income from obligations of any state or its political subdivisions, other than Rhode Island.

Line 2b - Enter Bonus Depreciation that must be added back to Rhode Island income.

Due to the passage of a bill disallowing federal bonus depreciation for Rhode Island purposes, any bonus depreciation taken for federal purposes must be added back as a modification to income.

A separate schedule of depreciation must be kept for Rhode Island purposes. The gain or loss on the sale or other disposition of the asset is to be determined, for Rhode Island purposes, using the Rhode Island depreciation schedule.

For further information regarding bonus depreciation or section 179 depreciation refer to the General Instructions of Form RI-1040NR, Rhode Island Nonresident Income Tax return.

Line 2c - Enter any other modifications increasing Federal Taxable Income and provide an explanation for the modification.

Line 3 - Total Modifications Increasing Federal Taxable Income: Add lines 2a, 2b and 2c.

Line 4a - Enter any income from obligations of the United States Government to the extent that it is included in income for federal tax purposes but exempt for state purposes.

Line 4b - Enter Bonus Depreciation and Section 179 Depreciation that has not been taken for federal purposes because the depreciation was not taken originally.

Since a bill was passed disallowing federal bonus depreciation for Rhode Island purposes, in the first year any bonus depreciation taken for federal purposes should have been added back as a modification to income. Therefore, in subsequent years, if federal depreciation is less than what previously would have been allowed, the difference can be deducted as a modification to income.

Since a bill was passed disallowing the increase in the section 179 depreciation under the Jobs and Growth Tax Relief Reconciliation Act of 2003, section 179 depreciation will remain limited to $25,000 for Rhode Island purposes. Therefore, in the first year any additional section 179 depreciation taken for federal purposes should have been added back as a modification to income. Accordingly, in subsequent years, if federal depreciation is less than what previously would have been allowed, the difference can be deducted as a modification to income.

A separate schedule of depreciation must be kept for Rhode Island purposes. The gain or loss on the sale or other disposition of the asset is to be determined, for Rhode Island purposes, using the Rhode Island depreciation schedule.

For further information regarding bonus depreciation or section 179 depreciation refer to the General Instructions of Form RI-1040NR, Rhode Island Nonresident Income Tax return.
